

G.I. JOE HEADQUARTERS (1983)

Command Center Playset • Master Restoration Checklist & Value Tracker

ACQUISITION DATE:		ACQUISITION PRICE:	\$.....
PLASTIC DISCOLORATION:	☐ None ☐ Mild ☐ Heavy Yellowing	TARGET COMPLETION:	

Collector's Sourcing Guide: The 1983 G.I. Joe Headquarters Command Center is an iconic multi-room fortress. While the large wall panels are generally resilient, the playset features a massive array of tiny, easily lost command accessories (cameras, gun caps, file fan parts) that heavily drive its market valuation.

1. COMPREHENSIVE STRUCTURAL & ACCESSORY CHECKLIST

HAVE	PART NAME / COMPONENT DESCRIPTION	TYPE	RARITY / RISK	NOTES / CONDITION

3. 1983 HEADQUARTERS COMMAND CENTER VALUATION GUIDE

Estimated market rates based on historical vintage toy collector sales metrics and platform data:

CONDITION GRADE	INCLUSIONS, DISCOLORATION & INTEGRITY BENCHMARKS	EST. VALUE RANGE (\$)
Incomplete / Shell Only	Has floor panels and main green walls. Missing command table, radar array, weaponry, small accessories, and chairs. May have heavy yellowing.	\$40 – \$75
Main Structure Complete	All walls, garage doors, and command desks present. Missing 2 or 3 tiny parts (e.g. gun caps, punching bag, camera). Stickers worn.	\$120 – \$190
100% Complete (Loose Master)	The ultimate target. Every single wall cap, radar stem, command chair, fuel nozzle, and the video camera are present. Zero plastic yellowing.	\$250 – \$420
Boxed Complete / Mint In Box	Playset is 100% complete and immaculate, packed cleanly inside a structurally sound, bright original 1983 Hasbro retail box with blueprints.	\$600 – \$1,200+

4. CLEANING & CUSTOM RESTORATION NOTES

Log steps like dirt removal, peroxide treatments to fix yellowed command sections, or sourcing custom reproduction decal sheets.
