

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

SERPENTOR'S AIR CHARIOT 1986

Serpentor's personal flying hover chariot with cobra-head styling.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
☐	1	Chariot Main Body	Gold and green molded flying platform chassis.
☐	1	Cobra Head Cowling	Large green snake hood piece snapping over the front engine.
☐	2	Lower Cobra Fangs	Small individual gold or green fangs inserted under the snake hood. VERY EASY TO LOSE.
☐	2	Dual Front Laser Cannons	Gold-colored long weapon barrels mounting below the snake snout.
☐	1	Rotatable Engine Fan / Rotor	Black turbine fan wheel spinning freely inside the rear engine bay.
☐	2	Control Grips / Handlebars	Separate small steering levers clipping onto the pilot platform dashboard.

MISSING PART TRACKER & INSPECTION ALERT:

The tiny fangs underneath the front cobra head snap out and vanish effortlessly. Check the small pivot clips on the twin gold cannons for stress marks.
