Field Laser Artillery Cannon • Restoration Checklist & Value Tracker

ACQUISITION DATE:	.....	ACQUISITION PRICE:	\$.....
SWIVEL MECHANISM:	<input type="checkbox"/> Smooth <input type="checkbox"/> Tight / Cracked Base	TARGET COMPLETION:	.....

**Collector's Notes:** The 1982 F.L.A.K. (Field Laser Artillery Cannon) was one of the earliest standalone weapon stations released in the Real American Hero line. Although it contains relatively few parts compared to larger playsets, its small gray stabilizers and original handle brackets are notorious for being lost or snapped over time.

## 1. COMPONENT PARTS INVENTORY CHECKLIST

HAVE	PART NAME / COMPONENT DESCRIPTION	TYPE	RARITY / RISK	NOTES / CONDITION
