

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

TACTICAL BATTLE PLATFORM 1985

Massive ocean-based structural fortress play set.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT
_____	_____	_____	_____

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
<input type="checkbox"/>	4	Four-Leg Support Base Grid	Large interconnecting support legs keeping structure above sea.
<input type="checkbox"/>	2	Main Deck Hexagonal Floor	Massive tan structural floor interlocking plates.
<input type="checkbox"/>	1	Helicopter Landing Pad	Circular landing deck plate with distinct 'H' labels.
<input type="checkbox"/>	2	Twin Laser Cannon Turrets	Large anti-aircraft weapon enclosures with double long barrels.
<input type="checkbox"/>	1	Defensive Missile Launcher Rack	Rotating base housing heavy defensive surface-to-air payloads.
<input type="checkbox"/>	4	Large White Network Missiles	Large tactical defense tracking missiles on the rack.
<input type="checkbox"/>	1	Command Center Dome Window	Clear blue angular command deck observation bubble panel.
<input type="checkbox"/>	2	Interconnecting Access Ladder	Long vertical climbing ladders hanging off deck edges.
<input type="checkbox"/>	1	Crane Assembly with Hook/String	Working supply winch with structural swivel arm and small black hook.
<input type="checkbox"/>	4	Gunner Protective Shields	Tan plastic armor shields wrapping around gun platforms.

MISSING PART TRACKER & INSPECTION ALERT:

The clear blue plastic tabs on the command dome bubble break easily. Crane string and hooks are often substituted with non-original replacements. Check the small pins underneath the tan floor grids that lock the pillars.
