

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

TOMAHAWK HELICOPTER 1986

Heavy troop transport and assault twin-rotor helicopter.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
☐	1	Main Helicopter Fuselage	Large olive-green dual-cockpit transport hull.
☐	1	Clear Cockpit Canopy Glass	Large clear dual-pilot windshield hatch.
☐	2	Main Rotor Blade Assemblies	Two multi-blade rotor hubs that mount to the twin engine spires.
☐	6	Individual Rotor Blades	Six long grey flexible rotor blades locking into the hubs.
☐	2	Side Cargo Bay Doors	Left and right opening rear compartment access doors.
☐	2	Rear Landing Gear Wheel Struts	Twin rear structural landing wheels.
☐	1	Front Chin Gun Turret	Swiveling heavy gatling cannon nose pod under the cockpit.
☐	2	Underwing Large Bomb Pods	Heavy ordnance payloads mounted under the stub wings.
☐	6	Small Sponson Missiles	Six small grey tracking missiles slotted into side racks.

MISSING PART TRACKER & INSPECTION ALERT:

Extremely complex piece. The six individual grey rotor blades are very prone to snapping at the root attachment pins, and finding all 6 small missiles intact is rare.
