Value & Missing Part Complete Tracker • Official English Resource

CRUSADER SPACE SHUTTLE 1989

Orbiter space transport shuttle derived from the Defiant mold.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
☐	1	Crusader White Hull Body	Sleek white orbiter fuselage frame with opening bay doors.
☐	1	Removable Cargo Payload Bay	Internal satellite or gear pod resting in the central cargo hold.
☐	1	Rear Tail Stabilizer Fin	Large vertical white plastic fin snapping into the engine deck.
☐	3	Under-Carriage Landing Gear	Retractable rolling wheel assemblies under the belly.

MISSING PART TRACKER & INSPECTION ALERT:
Often sought after as a standalone alternative to the Defiant shuttle. Check the cargo bay door hinges for cracks and stress marks.
