

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

A.W.E. STRIKER 1985

All Weather Environment Striker - High-speed lightweight dune buggy.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT
_____	_____	_____	_____

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
<input type="checkbox"/>	1	Vehicle Chassis / Main Body	Main olive green buggy frame with internal seating.
<input type="checkbox"/>	1	Removable Engine Cover	Green plastic cover sitting over the rear engine compartment.
<input type="checkbox"/>	1	Detailed Engine Block	Black plastic engine insert that fits under the engine cover.
<input type="checkbox"/>	1	Cannon Mount Base / Pivot	Black support mechanism allowing the main cannon to rotate.
<input type="checkbox"/>	1	70mm Laser Cannon	Large black dual-barreled cannon mounted onto the center top bracket.
<input type="checkbox"/>	2	Long Radio Antenna	Thin, highly flexible black antennas plugged into the rear sides. RARE.
<input type="checkbox"/>	1	Front Suspension Steering Arm	Connected steering assembly rod for the front wheels.
<input type="checkbox"/>	4	Large Rubber Tires	Deep-treaded real rubber tires fitting over the green rims.

MISSING PART TRACKER & INSPECTION ALERT:

The thin black rear antennas are incredibly fragile and frequently snapped or completely lost. Original rubber tires can dry-rot over time; check for cracks.
