

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

TOSS 'N CROSS BRIDGE LAYER 1985

Massive military bridge-deployment vehicle based on heavy tank chassis.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT
_____	_____	_____	_____

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
<input type="checkbox"/>	1	Bridge Layer Chassis	Huge dark green main tracked vehicle body.
<input type="checkbox"/>	1	Two-Piece Folding Bridge Section	The large, structural gray metal-like plastic bridge walkway assembly.
<input type="checkbox"/>	1	Boom Arm Assembly (Lower)	Main mechanical launch arm connected to the tank chassis.
<input type="checkbox"/>	1	Boom Arm Extension (Upper)	The structural arm piece directly grabbing and sliding the bridge.
<input type="checkbox"/>	2	Launch Arm Hydraulic Cylinders	Support pistons used to raise and lower the deployment boom.
<input type="checkbox"/>	1	Front Driver Hatch Cover	Small green hatch cover on the left front hull protecting the operator.
<input type="checkbox"/>	1	Removable Engine Access Panel	Side or rear ventilation grill cover plate.

MISSING PART TRACKER & INSPECTION ALERT:

The complex gear teeth on the launching boom arms can shear or strip if forced. The actual bridge links must be checked for hairline cracks where they lock open.
