

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

RADAR RAT (PYTHON PATROL) 1989

Python Patrol specialized electronic warfare and tracking mini-vehicle.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
☐	1	Radar Rat Camo Chassis	Small multi-wheeled tracking unit with criss-cross Python grid paint.
☐	1	Pivoting Radar Dish Assembly	Large tracking array mounted on the rear cargo bed.
☐	1	Front Twin Laser Array	Small defensive blaster nozzle bar on the front bumper.

MISSING PART TRACKER & INSPECTION ALERT:

The distinctive Python Patrol honeycomb pattern paint on the body scratches off easily with friction; mint paint jobs command a high premium.
