

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

CROSSFIRE (RC VEHICLE) 1987

Remote-controlled tactical sonic warfare rolling weapon platform.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
☐	1	Crossfire Main Rolling Chassis	Large green multi-wheeled motorized armor body.
☐	1	Tethered Remote Control Pad	Handheld steering box with integrated wire connector cable.
☐	1	Top-Mounted Sonic Cannon	Large specialized multi-dish acoustic weapon array on the roof.
☐	1	Battery Housing Cover Panel	Removable plastic hatch sealing the under-belly battery slot.

MISSING PART TRACKER & INSPECTION ALERT:

Like all 80s remote-control items, check for terminal acid damage in the battery housing and verify the tether wire insulation isn't cracking.
