

G.I. JOE SCUBA PACK

Water Unit

Remove swim fins from scuba pack and fit onto figure's feet. Position breathing hose over figure's face. Adjust rudder for desired direction - straight back to go straight ahead. Wind crank approximately 5 times (Do not overwind.) Activate ON/OFF switch.

Backpack

Remove fins from figure's feet and fit into holes in pack. Flip up breathing hose. Fit backpack post into G.I. Joe's back and bend at the waist to stand figure.
