

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

FERRET A.T.V. 1985

Cobra All-Terrain Vehicle - High-speed light assault quad.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT
_____	_____	_____	_____

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
<input type="checkbox"/>	1	Ferret ATV Main Body	Bright blue quad-bike chassis with red accents and internal seat.
<input type="checkbox"/>	1	Steering Handlebars	Black motorcycle-style handlebar piece inserting into front column.
<input type="checkbox"/>	1	Side-Mounted Missile Launcher	Black launcher unit clipped to the rear side frame.
<input type="checkbox"/>	3	Red Laser-Guided Missiles	Individual red long missiles slotted into the side launcher rack. VERY COMMON TO LOSE.
<input type="checkbox"/>	1	Front Spring-Loaded Gun Clip	Small connection bracket underneath holding the front tricycle gun.
<input type="checkbox"/>	1	Under-Chassis Tricycle Gun	Black small dual barrel gun under the front nose bumper.
<input type="checkbox"/>	1	Rear Cargo Rack / Bar	Black utility luggage framework clipped behind the main seat.

MISSING PART TRACKER & INSPECTION ALERT:

The handlebars and the tiny front tricycle gun clip break very easily. Finding a Ferret with all three original red missiles intact is highly uncommon.
