

G.I. JOE VEHICLE INVENTORY

Value & Missing Part Complete Tracker • Official English Resource

G.I. JOE THUNDERCLAP 1989

Massive three-segment strategic long-range battlefield artillery transport.

ACQUISITION DATE	CONDITION / GRADE	ESTIMATED VALUE (\$)	MISSING PARTS COUNT

GOT	QTY	PART NAME (OFFICIAL ENGLISH)	SPECIFIC IDENTIFICATION REFERENCE DETAILS
☐	1	Thunderclap Heavy Tractor Unit	Large multi-wheeled front cab engine block pulling the load.
☐	1	Center Artillery Carrier Gantry	The massive middle transport chassis housing the stabilizer pads.
☐	1	Mega-Gauge Long-Range Cannon	Gigantic silver/grey main ballistic cannon assembly.
☐	1	Rear Ammo Command Trailer	Third detachable supply and radar segment at the tail.
☐	4	Stabilizer Outrigger Jacks	Fold-down structural leg assemblies used in stationary firing mode.

MISSING PART TRACKER & INSPECTION ALERT:

An absolute beast of a vehicle. The primary stabilizing jacks use thick plastic pins that crack under the sheer weight of the heavy main cannon assembly.
